Factory Production Control

Certificate

## Voluntary Declaration of Factory Production Control for the attestation of conformity systems 3 & 4

Applicable to the products mentioned below, on a voluntary bases and in analogy to the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the (construction) products

Overfill prevention device for storage installations of liquid petroleum fuels  
Type:

### **RIDART 440B-EN**

Type and subtype: A2

Applicable for filling under pressure as well as filling by gravity  
Maximum static pressure 400 kPa

produced by the company

### **RIDART s.r.l.**

Via A. Da Brescia 2  
21013 GALLARATE (VA)  
Italy

is submitted by the manufacturer to the initial type-testing of the product and a factory production control and that Kiwa Certification and Inspection has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance of the factory production control.

This declaration attests that all provisions concerning the attestation of factory production control described in Annex Zc of the standard

## EN 13616

were applied, on a voluntary basis, as if a higher AoC system were in effect instead of the actual AoC systems 3 & 4. This declaration was first issued on August 15 2007 and remains valid as long as the conditions laid down in the harmonized technical specification in reference, or the manufacturing conditions in the factory, or the FPC itself are not modified significantly.

On the basis of this document the manufacturer is allowed to use the Kiwa FPC Label as shown on this page.
